

TINNI-X™

Tinnitus Open Ear Bone-Conduction Therapy And Relief Tool

ADVANCED AUDIO-NOTCHING
TECHNOLOGY FOR **TINNITUS THERAPY**

Tinnitus Relief in Simple Steps

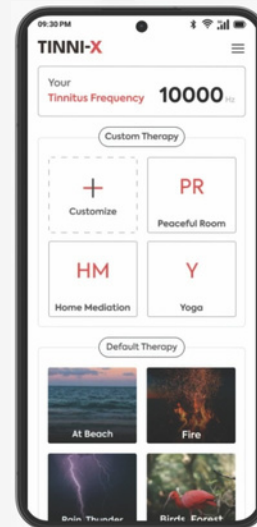

Step 1 :

Find tinnitus frequency with the quick 5 minutes test.

Step 2 :

You can create a custom therapy or use any of default therapy.

Step 3 :

Create a custom therapy from different combinations of environmental, therapeutical and musical sounds.

Step 4 :

Play the therapy sound with your TINNI-X device while doing normal daily activities.
